### Private View

You are cordially invited to the **Private View** of our next exhibition, *Savernake Light - Photographs from the Forest* by Nigel Hudson on **Wednesday 16th October 6 - 8pm**.

This solo exhibition is a photographic study of the ancient Wiltshire woodland, Savernake Forest. Nigel Hudson skilfully brings together expressive elements of structure, colour and light to create a single image that allows the viewer to experience the same emotions felt by the artist at the time of execution.

This promises to be an atmospheric, evocative experience.

**If you are able to make the Private View, please reply to this email.**

We look forward to seeing you there!
